When phones and internet fail

- Send a text instead of calling. Texts get through when calls fail and use less battery.
- Agree check-in times (for example 9:00 and 18:00) and where to check in.
- Leave a written note at home saying where you went and when. Agree where (door, inside a cupboard).

- If you use HAVEN mesh chat or other offline apps, set them up and test them before a crisis.

Who does what

Who collects the children

Who helps elderly or disabled family members

Who takes documents and the go-bag

Who takes care of pets

Who turns off gas / water / electricity (only if safe and you know how)

Documents: keep copies in a waterproof bag

- ☐ ID cards and passports
- ☐ Birth and marriage certificates
- ☐ Property / rental papers
- ☐ Medical records, prescriptions, vaccination cards
- ☐ Bank cards and account details
- ☐ Photos of each family member (for searching if separated)
- ☐ Digital copies on a phone or USB stick, kept private

If we are separated
